#### **Participation Assessment**

The Initiative's latest participation assessment of data submission, timeliness and completeness, evaluated in the three categories of "Good", "Fair" and "Poor", illustrated progress on some fronts but also areas in which improvement is warranted. In this assessment, 81 countries achieved a "Good" evaluation for data submission, 56 countries achieved the same rating for timeliness and 70 countries earned a "Good" rating for completeness.

Since the 11th IEF Ministerial, submission, timeliness and completeness have all improved, at 8%, 5.7%, and 16.7% respectively. However, the most recent assessment, covering July to December 2009, recorded a decline in submission and timeliness for the first time in the last two years.
