

## **Natural Gas Day - 12 June, 2018**

8.30 – 16.00

Hotel Alma del Lago (Bariloche, Argentina)

Draft June 4, 2018

Theme of the Gas Day:

**Natural gas: facilitating growth and cleaner energy systems**

### **8.30 – 8.50: OPENING SESSION**

- IGU: President, **Mr. David Carroll**
- Opening Keynote Speech: **Mr. Juan José Aranguren**, Minister of Energy and Mining of Argentina

### **8:50 – 9:10**

**Keynote speech: Mr. Tim Gould** – Head of Energy Supply Outlook (IEA) “Opportunities and challenges of natural gas in the future energy systems”

### **9.10 – 10.40**

**PANEL 1: Gas as an abundant, accessible and flexible energy source**

**Moderator:** Olaf Martins (IOGP)

- Keynote speaker: **Mr. Marcos Browne** (Executive Vice President Gas & Power, YPF): “Options for natural gas in Argentina and the case of Vaca Muerta”.
- **Mr. Andrea Stegher** (Marketing Senior Vice President of Snam): Presenting the co-branded report IGU-Snam, “Global balance supply and demand”
- **Mr. Roberto Aiello** (Principal Energy Specialist, BID): “Infrastructures for access to energy in Latin America”.
- **Mr. Juan Martín Bulgheroni** (Vice President Operations Argentina, Pan American Energy): “Impact of North American shale gas on global gas markets”.

### **10:40 – 11:10: Coffee Break**

*Institutional sponsor*

**Ministerio de Energía y Minería**  
**Presidencia de la Nación**

**11.10 - 12.30**

**PANEL 2: Gas as a contributor to climate change mitigation and clean air**

**Moderator:** Ernesto A. López Anadón (IAPG President)

- Total (Speaker TBD)
- **Mr. Tom Murphy** (Penn State University): “Emissions reduction with the displacement of coal by gas.
- **Mr. Mauricio Osses** (Senior Advisor, International Sustainable Systems Research Center): Santiago de Chile case: Gas and emissions reduction: “Gas reducing pollutants and improving air quality in urban environments”.

**12.30 – 14.00 – LUNCH**

**14:00 – 14:20**

**Keynote speech:** Dr. Y. Sentyurin, GECF SG. “The development of a sustainable future gas supply”

**14.20 – 15.30**

**PANEL 3: Gas as part of the pathway to achieving a sustainable energy future**

**Moderator:** Dr. Sun Xiansheng (IEF)

- Shell (Speaker TBD)
- **Mr. Alfonso Blanco** (Executive Secretary, OLADE): “Integration of energy in South America”.
- **Mr. Diego Garcia** (Bain & Co Partner) “Digitalization as an instrument for the Gas Industry towards Sustainable Energy Systems”.

**15.30 – 15:50**

**Keynote speech:** Mr. P. Wells Griffith III, Principal Deputy Assistant Secretary for the Office of International Affairs at DOE. “Energy Security and Economic Growth: The Role of Innovation”

**15:50 Closing session**

- **Mr. Luis Bertrán**, IGU Secretary General
- **Mr. Marcos Pourteau**, Undersecretary of Hydrocarbons Resources of Argentina
- **Mr. Mauricio Roitman**, Chairman of Enargas - Ente Nacional Regulador del Gas

*Institutional sponsor*

**Ministerio de Energía y Minería**  
**Presidencia de la Nación**
